RESOLUTION 1 – ADOPTION OF REMUNERATION REPORT

General

The Corporations Act requires that at a listed company's annual general meeting, a resolution that the remuneration report be adopted must be put to the shareholders. However, such a resolution is advisory only and does not bind the company or the directors of the company. The remuneration report sets out the company's remuneration arrangements for the directors and senior management of the company. The remuneration report is part of the directors' report contained in the annual financial report of the company for a financial year. The chair of the meeting must allow a reasonable opportunity for its shareholders to ask questions about or make comments on the remuneration report at the annual general meeting.

Voting consequences

Under changes to the Corporations Act which came into effect on 1 July 2011, a company is required to put to its shareholders a resolution proposing the calling of another meeting of shareholders to consider the appointment of directors of the company (Spill Resolution) if, at consecutive annual general meetings, at least 25% of the votes cast on a remuneration report resolution are voted against adoption of the remuneration report and at the first of those annual general meetings a Spill Resolution was not put to vote. If required, the Spill Resolution must be put to vote at the second of those annual general meetings. If more than 50% of votes cast are in favour of the Spill Resolution, the company must convene a shareholder meeting (Spill Meeting) within 90 days of the second annual general meeting. All of the directors of the company who were in office when the directors' report (as included in the company's annual financial report for the previous financial year was approved, other than the managing director of the company, will cease to hold office immediately before the end of the Spill Meeting but may stand for re-election at the Spill Meeting.

Following the Spill Meeting those persons whose election or re-election as directors of the company is approved will be the directors of the company.

Previous voting results

At the Company's previous annual general meeting the votes cast against the remuneration report considered at that annual general meeting were less than 25%. Accordingly, the Spill Resolution is not relevant for this Annual General Meeting.

Proxy voting restrictions

Shareholders appointing a proxy for this Resolution should note the following: ***If you appoint a member of the Key Management Personnel (other than the Chair) whose remuneration details are included in the Remuneration Report, or a Closely Related Party of such a member as your proxy you must direct your proxy how to vote on this Resolution.*** Undirected proxies granted to these persons will not be voted and will not be counted in calculating the required majority if a poll is called on this Resolution. ***If you appoint the Chair as your proxy (where he/she is also a member of the Key Management Personnel whose remuneration details are included in the Remuneration Report, or a Closely Related Party of such a member).*** You ***do not*** need to direct your proxy how to vote on this Resolution. However, if you do not direct the Chair how to vote, ***you must mark the acknowledgement on the Proxy Form to expressly authorise the Chair to exercise his/her discretion in exercising your proxy even though this Resolution is connected directly or indirectly with the remuneration of Key Management Personnel.*** ***If you appoint any other person as your proxy*** you ***do not*** need to direct your proxy how to vote on this Resolution, and you ***do not*** need to mark any further acknowledgement on the Proxy Form.

In accordance with section 250SA of the Corporations Act, shareholders will be provided with a reasonable opportunity to ask questions about, or make comments on, the Remuneration Report. This is in addition to any questions or comments that shareholders may have in relation to the management of the Company.

RESOLUTION 2 - RE-ELECTION OF DIRECTOR, MR LESLIE INGRAHAM

Resolution 2 relates to the election of Directors. Clause 7.2(b) of the Company's Constitution states that the Directors may appoint any person as a Director of the company. Under clause 7.3(c) of the Constitution, Directors so appointed must retire at the next Annual General Meeting of the Company and are eligible for re-election at that Meeting.

Mr Leslie Ingraham was appointed as a Director on 31 January 2011. In accordance with Clause 7.3(b) of the Constitution, Mr Ingraham offers himself for re-election as a Director of the Company.

A summary of the qualifications and experience of Mr Ingraham is provided in the Annual Report.

RESOLUTION 3 - ELECTION OF DIRECTOR, MR BRIAN DAVIS

Resolution 3 relates to the election of Directors. Clause 7.2(b) of the Company's Constitution states that the Directors may appoint any person as a Director of the company. Under clause 7.3(c) of the Constitution, Directors so appointed must retire at the next Annual General Meeting of the Company and are eligible for election at that Meeting.

Mr Brian Davis was appointed as a Director on 11 September 2014. In accordance with Clause 7.3(c) of the Constitution, Mr Davis offers himself for election as a Director of the Company.

A summary of the qualifications and experience of Mr Davis is provided in the Annual Report.

RESOLUTION 4 – APPROVAL OF 10% PLACEMENT CAPACITY

General

ASX Listing Rule 7.1A provides that an Eligible Entity may seek Shareholder approval at its annual general meeting to allow it to issue Equity Securities up to 10% of its issued capital over a period of up to 12 months after the annual general meeting (10% Placement Capacity).

The Company is an Eligible Entity.

If Shareholders approve Resolution 4, the number of Equity Securities the Eligible Entity may issue under the 10% Placement Capacity will be determined in accordance with the formula prescribed in ASX Listing Rule 7.1A.2 (as set out below).

The effect of Resolution 4 will be to allow the Directors to issue Equity Securities up to 10% of the Company's fully paid ordinary securities on issue under the 10% Placement Capacity during the period up to 12 months after the Meeting, without subsequent Shareholder approval and without using the Company's 15% annual placement capacity granted under Listing Rule 7.1.

Resolution 4 is a special resolution. Accordingly, at least 75% of votes cast by Shareholders present and eligible to vote at the Meeting must be in favour of Resolution 4 for it to be passed.

ASX Listing Rule 7.1A

ASX Listing Rule 7.1A came into effect on 1 August 2012 and enables an Eligible Entity to seek shareholder approval at its annual general meeting to issue Equity Securities in addition to those under the Eligible Entity's 15% annual placement capacity.

An Eligible Entity is one that, as at the date of the relevant annual general meeting:

- (a) is not included in the S&P/ASX 300 Index; and
- (b) has a maximum market capitalisation (excluding restricted securities and securities quoted on a deferred settlement basis) of \$300,000,000.

The Company is an Eligible Entity as it is not included in the S&P/ASX 300 Index and has a current market capitalisation (at 14 October 2014) of \$8,374,120.

Any Equity Securities issued must be in the same class as an existing class of quoted Equity Securities. The Company currently has one class of Equity Securities on issue, being the Shares (ASX Code: YRR).

The exact number of Equity Securities that the Company may issue under an approval under Listing Rule 7.1A will be calculated according to the following formula:

$$(A \times D) - E$$

Where:

- A** is the number of Shares on issue 12 months before the date of issue or agreement:
- (i) plus the number of Shares issued in the previous 12 months under an exception in ASX Listing Rule 7.2;
 - (ii) plus the number of partly paid shares that became fully paid in the previous 12 months;
 - (iii) plus the number of Shares issued in the previous 12 months with approval of holders of Shares under rule 7.1 or 7.4.
 - (iv) less the number of Shares cancelled in the previous 12 months.
- D** is 10%
- E** is the number of Equity Securities issued or agreed to be issued under ASX Listing Rule 7.1A.2 in the 12 months before the date of issue or agreement to issue that are not issued with the approval of holders of Ordinary Securities under ASX Listing Rule 7.1 or 7.4.

Technical Information required by ASX Listing Rule 7.1A

Pursuant to and in accordance with ASX Listing Rule 7.3A, the information below is provided in and relation to this Resolution 4.

(a) Minimum Price

The minimum price at which the Equity Securities may be issued is 75% of the volume weighted average price of Equity Securities in that class, calculated over the 15 ASX trading days on which trades in that class were recorded immediately before:

- (i) the date on which the price at which the Equity Securities are to be issued is agreed; or
- (ii) if the Equity Securities are not issued within 5 ASX trading days of the date in Section (i) above, the date on which the Equity Securities are issued.

(b) Date of Issue

The Equity Securities may be issued under the 10% Placement Capacity commencing on the date of the Meeting and expiring on the first to occur of the following:

- (i) 12 months after the date of this Meeting; and
- (ii) the date of approval by Shareholders of any transaction under ASX Listing Rules 11.1.2 (a)

significant change to the nature of scale of the Company's activities) or 11.2 (disposal of the Company's main undertaking). (At which point resolution 4 will cease to have effect).

(c) Risk of Voting Dilution

Any issue of Equity Securities under the 10% Placement Capacity will dilute the interests of Shareholders who do not receive any Shares under the issue.

If Resolution 4 is approved by Shareholders and the Company issues the maximum number of Equity Securities available under the 10% Placement Capacity, the economic and voting dilution of existing Shares would be shown in the table below.

The table below shows the dilution of existing Shareholders calculated in accordance with the formula outlined in ASX Listing Rule 7.1A(2), on the basis of the current market price of Shares and the number of Equity Securities currently on issue.

The table also shows the voting dilution impact where the number of Shares on issue (variable A in the formula) changes and the economic dilution where there are changes in the issue price of Shares issued under the 10% Placement Capacity.

Variable "A" in Listing Rule 7.1A.2		Dilution		
		50% Decrease in Issue Price \$0.0055	Issue Price as at 2 October 2014 \$0.011	100% Increase in Issue Price \$0.022
Current Variable A 761,283,723 Shares	10% Voting Dilution	76,128,372 Shares	76,128,372 Shares	76,128,372 Shares
	Funds Raised	\$418,706	\$837,412	\$1,674,824
50% Increase in Current Variable A 1,141,925,584 Shares	10% Voting Dilution	114,192,558 Shares	114,192,558 Shares	114,192,558 Shares
	Funds Raised	\$628,059	\$1,256,118	\$2,512,236
100% Increase in Current Variable A 1,522,567,446 Shares	10% Voting Dilution	152,256,744 Shares	152,256,744 Shares	152,256,744 Shares
	Funds Raised	\$837,412	\$1,674,824	\$3,349,648

The number of Shares on issue (variable A in the formula) could increase as a result of the issue of Shares that do not require Shareholder approval (such as under a pro-rata rights issue or scrip issued under a takeover offer) or that are issued with Shareholder approval under Listing Rule 7.1.

The table above uses the following assumptions:

1. The current Shares on issue are the Shares on issue as at the date of this Notice of Meeting.
2. The current issue price is \$0.011, being the closing price of the Company's Shares on ASX on 14 October 2014.
3. The Company issues the maximum number of Equity Securities available under the 10% Placement Facility.
4. No Options are exercised into Shares before the date of the issue of the Equity Securities.
5. The 10% voting dilution reflects the aggregate percentage dilution against the issued share capital at the time of issue. This is why the voting dilution is shown in each example as 10%.

6. The table does not show an example of dilution that may be caused to a particular Shareholder by reason of placements under the 10% Placement Facility, based on that Shareholder's holding at the date of the Meeting.
7. The table shows only the effect of issues of Equity Securities under Listing Rule 7.1A, not under the 15% placement capacity under Listing Rule 7.1.

Shareholders should note that there is a risk that:

- (i) the market price for the Company's Shares may be significantly lower on the issue date than on the date of the Meeting; and
- (ii) the Shares may be issued at a price that is at a discount to the market price for those Shares on the date of issue.

(c) Purpose of Issue Under 10% Placement Capacity

The Company may issue Equity Securities under the 10% Placement Capacity for the following purposes:

- (i) as cash consideration in which case the Company intends to use funds raised for exploration and evaluation of the Company's existing projects and general working capital, including but not limited to the Company's projects at Gabanintha – Western Australia, Nowthanna – Western Australia and Mt Cockburn – Northern Territory.
- (ii) as non-cash consideration for the acquisition of new assets and investments, in such circumstances the Company will provide a valuation of the non-cash consideration as required by Listing Rule 7.1A.3.

(d) Allocation Under the 10% Placement Capacity

The Company's allocation policy is dependent on the prevailing market conditions at the time of any proposed issue pursuant to the 10% Placement Capacity. The identity of the allottees of Equity Securities will be determined on a case-by-case basis having regard to a number of factors, including:

- (i) the purpose of the issue;
- (ii) alternative methods for raising funds available to the Company at that time, including, but not limited to, an entitlement issue or other offer where existing Shareholders may participate;
- (iii) the effect of the issue of the Equity Securities on the control of the Company;
- (iv) the circumstances of the Company, including, but not limited to, the financial position and solvency of the Company; and
- (v) advice from corporate, financial and broking advisers (if applicable).

The allottees under the 10% Placement Capacity have not been determined as at the date of this Notice but may include existing Shareholders and/or new investors who are not related parties or associates of a related party of the Company.

Further, if the Company is successful in acquiring new assets or investments, it is possible that the allottees under the 10% Placement Capacity will be the vendors of the new assets or investments.

(e) Previous Approval Under ASX Listing Rule 7.1A

The Company shareholder approval for the additional 10% Placement Capacity at its 2013 Annual General Meeting. In accordance with Listing Rule 7.3A.6 the Company provides the following information:

During the 12 months preceding the date of this Meeting, the Company did not issue any Equity Securities under Listing Rule 7.1A.

During the 12 months prior to the date of this Notice, the Company issued 757,010,136 Equity Securities representing 217% of the total number of Equity Securities on issue 12 months ago. The vast majority of those securities were issued as part of a non-renounceable Rights Issue capital raising which has resulted in the Company being well funded for the next stage of exploration and project development. A summary of the Equity Securities issued is as follows:
